MILOŠ KUZMANOVIĆ

FCI NATIONAL DOG
SHOW JUDGE

PROFILE/SUMMARY

All my life I have had dogs, but my serious step in the cynology world began in 2010 with my very first Bichon Frisé, female 'Honey'. We made our first serious steps in the ring together, but I wanted more and better.

I got my second female, 'Crystal', and started planning every step.

With imported dogs, mostly from Scandinavia, and using studs from abroad, I placed my 'Made by Angel' kennel so high.

Nowadays, I have litters with the 4th generation of my breeding, and dogs with my kennel prefix live in every corner of the world.

I am especially proud that serious breeders have dogs bred by me and use them in their breeding. I raised many champions and international champions. I am the owner of the first stud champion of Bichon Frisé in Serbia.

I am constantly present at the most important world competitions, like World Dog Shows and Euro Dog Shows, where I achieve noticeable results.

Licensed to judge the whole Group IX FCI.

As a person in the dog world, I am very well known as gentle, polite, friendly, and always willing to help others.
